

Meeting December 1st at the 911 center

The Prez Sez

by Bill, N2DH

The November meeting was one of lively discussion on a variety of subjects. It was refreshing to see the club members discussing varying opinions regarding how things are done.

As agreed the board will take up the question of how we remember silent keys, and their families, as well as the question of how the newsletter will be distributed.

W3CE reminded us of the upcoming Christmas City Event, and the need for not only operators, but for help setting up and tearing down. We do hope that there will be lots of people out to operate and to log so we can make it a good event. (December 10 and 11)

Don't forget the Christmas Party at the December meeting, bring your spouse if you can twist an arm. We hope that there will be lots of extra goodies to leave for the operators of the 911 center.

For those of you who were not able to attend the November meeting you missed a great program on DX'ing from the Caribbean Islands. It made many of us wish we could grab the rig, hop a plane and fire up from some exotic place. As one who has had such an opportunity I really enjoyed the program.

About programs, if you have a topic you would like to present to the club, or one that you would like to hear about drop a note to our Program Chairman KB3IUE.

I am sure he would like to hear from you.

Last but not least let me wish all a great Holiday Season, and a prosperous New Year in 2006.

de Bill, N2DH

Amy Zimmerman Award

Purpose:

Ham radio-related humanitarian act, deed, or service that benefited the community. This award was originally conceived as a memorial to Amy Zimmerman for her service to the community and amateur radio.

Details & Criteria:

- a. Qualifying act, deed, or service should benefit those outside of amateur radio (example: hams working with non-hams.)
 - b. A single extraordinary act, deed, or service could qualify (example: working the 9/11 disaster).
 - c. Qualifications should not include normal everyday operating or contesting.
 - d. Qualifications should not include being an event chairperson of a single event every year (coordinating a single event every year would not necessarily qualify).
1. An individual may receive the award more than once, but not for the same recurring act, deed, or service. And only one individual may receive the award per year.
 - a. A description of the act, deed, or service which qualified the individual for the award must be entered into the E-Board minutes
 - b. And the minutes of the general club meeting at which the award was presented.
 2. Only DLARC club members in good standing are eligible for the award. They must also have been members of the club at the time they performed the activities for which the award is being considered.
 3. The award is to be considered and reviewed each year, but may not necessarily be presented each year if there are no qualified candidates.
 - a. A three-person committee is to be formed each December by the E-Board consisting of the past president and two club members at large.
 - b. The committee's function is to determine candidates who qualify for the award, (either through suggestions from other club members and / or their own deliberations,) and present them to the board of directors at the January E-Board meeting, as potential recipients. The

board of directors may add to or subtract from the committee's list of nominees the name of any qualified club member whom they believe does or does not meet the eligibility requirements of the award.

- c. The award winner will be decided by a majority vote of the E-Board.
4. The award consists of the following: The Amy Zimmerman Plaque, and a press release to the ARRL and local news agencies.
 5. The wording on the award is listed below, with the clubs logo at the top:

DogsWalk Against Cancer Report

by Thomas A. McDonald, N3MQL

HAMS Support American Cancer Society's Second Annual Dogswalk Against Cancer Event in Lehigh Parkway

Paws hit the pavement in the Lehigh Parkway for the American Cancer Society's second annual *Dogswalk Against Cancer*. Despite the rainy day on Saturday, October 22nd, there was a good turn-out of both dogs and their owners. From pugs to bull mastiffs, it was quite a sight! There were even demonstrations from the Upper Bucks County working dogs, and several

vendors showcasing their wares for pets and their people alike.

For the second consecutive year, DLARC members provided top notch communications support for the American Cancer Society at this event. Additionally, DLARC members helped with setting up the registration tents, sign removal and teardown. According to ACS officials hosting the event, HAMS helped make this event a success. Having their help and knowing where walkers were at any given moment was critical in planning the day and maintaining walker safety.

Many thanks to those who participated in this year's *Dogswalk Against Cancer* event: Bob Green (KE3AW), Charlie Lamonte (N3VUO), and Tom McDonald (N3MQL). Not to forget the same folks who helped out last year, plus? Kathleen Green (KB3JMR) and Lawrence Bezdziecki (KB3JMS).

Emmaus Halloween Parade Report

by Bob, KE3AW

After a week of rain, Saturday, October 15 was a dry, breezy evening with a nearly full moon, a perfect evening for the Emmaus Halloween Parade.

Although it was larger this year, the parade was essentially free from all but a few minor disruptions.

Our 17 amateur radio operators kept communications active, between the hams within the parade itself and net control. The hams who participated this year are:

Lamar/N3AT, Bob/KE3AW, Al/W3CE, Greg/KB3CPF, Bill/N2DH (with Thalia/KB3CSR), Joe/KE3DZ, Jack/N3HDJ, Paul/N0KIA, Mark/AK3M, Cholly/N3VUO, Bob/N3OLH, Earl/KB3MHY, Bob/KB3MHZ, Jeff/N3QZT, Jeff/N3RVH, George/N3SQD (net control).

The Emmaus Halloween Parade Committee always comments on communications from amateur radio operators being a major factor in keeping their event safe and orderly, and again as in the past they have expressed this gratitude with a generous donation to DLARC.

After the parade a majority of the hams joined in for a Dutch Treat at the local Bennigans Restaurant.

Thanks to all who helped in this successful event.

**CARL R. STEVENSON,
PRESIDENT & CTO OF WK3C
WIRELESS LLC, WINS
ELECTION TO THE IEEE
STANDARDS ASSOCIATION
BOARD OF GOVERNORS FOR A
TWO YEAR TERM BEGINNING
JANUARY 1, 2006**

EMMAUS, PA, November 7, 2005 - Carl R. Stevenson has been elected to the position of Member-at-Large on the IEEE Standards Association's Board of Governors for a two year term beginning on January 1, 2006.

The IEEE-SA Board of Governors is accountable to the IEEE Board of Directors and the public at large to provide a broad spectrum of value-added industry standards, as well as standards-related products and services, to meet the needs of its constituency comprised of members from industry, government, and the general public.

It is the responsibility of the IEEE-SA Board of Governors and each Board member to uphold the reputation of the IEEE as a respected world leader in the development and promulgation of standards and to enhance the professional image of the IEEE, thereby adding strategic value to the IEEE Standards program.

Shortly after the public announcement of the election results on November 4, 2006, Mr. Stevenson received congratulatory e-mails from W. Cleon Anderson, IEEE President; Donald N. Heirman, President of the IEEE Standards Association; and Jim Carlo, Past President of the IEEE Standards Association.

Mr. Stevenson has been involved in the design and development of RF communications systems and equipment for over 35 years and is President and CTO of [WK3C Wireless LLC](#), an Emmaus, PA, consulting firm specializing in the areas of wireless standards, regulatory affairs, and design services.

He is a Fellow of the Radio Club of America, a Senior Member of the IEEE, a member of the IEEE 802 LMSC Executive Committee, Chair of the IEEE 802.22 Working Group on Wireless Regional Area Networks, a Member-at-Large of the IEEE-USA Committee on Communications and Information Policy, has been named by Scientific American magazine as a Policy Leader within the 2005 *SCIENTIFIC AMERICAN 50* - the magazine's prestigious annual list recognizing outstanding acts of leadership in science and technology from the past year, and

is to receive the IEEE-SA 2005 International Award at an awards ceremony in Florida on December 4, 2005.

From its inception several years ago until November 2004, he served as Chair of the IEEE 802.18 Radio Regulatory Technical Advisory Group. He also previously served as the liaison to the ITU-R for the IEEE's Sector Membership, Chair of the Wi-Fi Alliance Regulatory Committee, Chair of the Bluetooth SIG Radio Workgroup, and a member of the US Delegation to the World Radiocommunications Conference 2003.

Mr. Stevenson said: *"I am honored that the members of the IEEE Standards Association have entrusted this responsibility to me for the next two years and I look forward to the*

opportunity to serve the IEEE-SA, its members, and the IEEE as a whole."

Christmas Party!

By Brad, KB3JXQ

There will be no presentation at the December 1st meeting. However, we will be having our Christmas party, so don't forget to bring in some 'goodies' to share with everyone.

I hope to see you all there!
